Creativity drives my passion for art direction and design. However, what drives my passion for creating great work is developing ideas that actually drive business results. I listen to my clients and produce ideas, designs and campaigns that deliver results. I work within budgets and try to build understanding that leads to deep relationships with consumers.

Races

The Gulf 12 Hours is a two-part endurance race held at the spectacular 5.65km Yas Viceroy Hotel Circuit in Abu Dhabi. The race has established itself as one of the region's leading endurance motor sport events. The fourth running is scheduled for December 12th, 2014. The world-class facilities of the Yas Viceroy Hotel Circuit are a natural fit with the demands of endurance racing, and you could be part of it!

The Dunlop 24 hour Dubai 10th edition will held on January 8-10th, 2015 at the 5.39km Dubai Autodrome. One of the most challenging tracks in the world as it has a combination of high-speed straights and technical corners. The track is very safe with its wide run-off areas and no gravel, making it ideal for a 24 hour race.

A New Team for 2014

Apex Autosport is an exciting new team. Set-up by experienced racing professional Luke Geilding, Apex Autosport is expected to be one of the leading teams associated with endurance racing. After two decades working in motor sport, Luke has developed outstanding technical and organizational abilities and is well placed to manage and run his own race team. He is presently assembling a team of talented and dedicated racing professionals with experience in global endurance racing that will represent Apex Autosport from 2014 onwards.
